

EVA & PE CLOSED CELL FOAM

EVA & PE foam is suitable for insulation, sound proofing, bed rolls, spa pool covers, exercise mats, anti-vibration and much more. EVA & PE foam is grease, water and oil resistant. Our Closed Cell foam can be cut to specific size upon request.

EVA Premium Grade (a more pure EVA with less fillers)

Full Sheets 2.3m x 1.3m

Available Thicknesses: 5mm, 10mm, 15mm, 20mm, 25mm, 25mm Embossed

Density: 81kg per cubic metre.

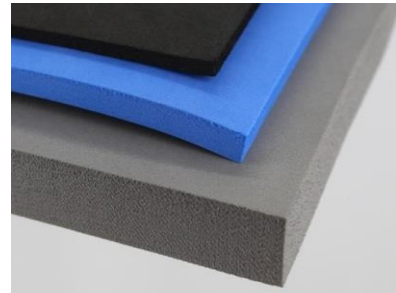

Available colours: Black, Grey and Blue. Embossed: Grey and Blue

Full Sheets 2.4m x 1.2m

Available Thicknesses: 40mm, 60mm, 80mm

Density: 34kg per cubic metre.

Available colours: Grey and Blue

EVA Premium can be supplied in the following sizes:

Full Sheet, Half Sheet, and Quarter Sheet

PE30 Industrial Grade (a more economical closed cell foam)

Full Sheets 2.4m x 1.2m

Available Thicknesses: 5mm, 10mm, 15mm, 20mm, 25mm, 30mm, 40mm, 50mm, 60mm, 75mm, and 100mm.

Density: 30kg per cubic metre.

Available colours: Black

PE30 Industrial Grade can be supplied in the following sizes:

Full Sheet, Half Sheet, and Quarter Sheet

PE60 General Purpose Grade

Full Sheets 2m x 1m

Available Thicknesses: 5mm, 10mm, 15mm, 20mm, 25mm, 30mm, 36mm

Density: 60kg per cubic metre.

Available colours: Black or Grey

PE60 Industrial Grade can be supplied
in full sheets or cut to sizes pieces

CLOSED CELL SECONDS – Foam Skins

An affordable way to buy EVA foam. Ideal for arts and crafts, wearable arts, packaging, insulation, underground cable protection and anti-vibration. Sold as a sheet, colours and thicknesses will vary.

Available approximate sizes EVA foam skin: 2000x1000x3-5mm

EVA & PE OFF THE ROLL

Sold by the roll or in lengths of 1 metre.

Available sizes and colours:

Size	Colour	Roll
3mm Premium, 1300mm wide	Black or Grey	30m
3mm Standard, 1200mm wide	Black	50m
3mm Foil backed, 1200mm wide	Black/Foil	50m
4mm Strip, 90mm wide	Grey	30m
4mm Textured, 1000mm wide	Black	50m

COCKPIT CUSHION

Cockpit boat cushions provide the added comfort of thermal insulation from the seat base. Boat cushions are manufactured from closed cell EVA foam which means they will not absorb oils or water. They are for use in a cockpit, on the deck or around the pool. Easy to clean and an affordable alternative to custom cushions.

Size

984x320x30mm

1320x320x30mm

Bed Roll / Camp Mat

Camping Roll Up EVA Foam Sleeping Mat. Can use as Exercise Mat, Yoga Mat, Beach Mat, padding, insulation, etc. Compact size and lightweight, easy for carry. Rolls up for easy storage, moisture-proof performance, durable use.

Size

1800mm x 500mm x 12mm

SURF GRIP

Self-adhesive backed high density closed cell foam with a ribbed surface. Commonly used on jet skis and boats. Available in light and dark grey.

Size

1000x480x3mm

MARINE DECKING

These sheets are pre-cut with ribs/grooves. Perfect for DIY installations.

- Made from High Quality Marine Grade Foam
- Closed cell waterproof
- Marine Grade PSA Self-Adhesive backing
- Light Weight
- Attractive Non-slip patterns
- Soft under foot
- Easy to clean
- Ideal for boat floors, launches, jet boats, boat decks, steps, wet areas, stand up paddle boards, surf boards, jet skis, trailer boats

Light Grey, Dark Grey, Teak

Diamond

5mm thick x 900mm wide x 2.4m long
Grey, Black

Black Rib

5mm thick x 1.2m wide x 2.4m long
Rib Size: 10mm wide with 5mm gap
Black only

NEOPRENE SPONGE SHEET

Available with and without the nylon cloth cover, the cloth cover is available on one or both sides of the sponge. This sponge is used for cushioning, sealing, insulation, shock absorbing or vibration dampening. It is like Wetsuit material. Now some raw sheets are available with a self adhesive backing. Generally sold by the sheet, some sizes available in pre-cut pieces.

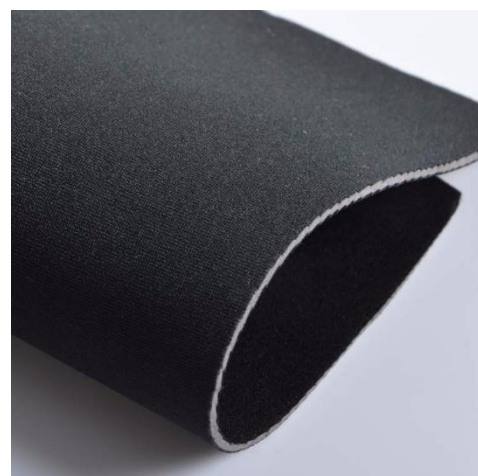

Raw Neoprene Sponge Sheets

Neoprene Foam 1.5mm x 1050mm x 3.3m
Neoprene Foam Self Adh 1.5mm x 1m x 3.3m
Neoprene Foam 3mm x 1050mm x 3.3m
Neoprene Foam Self Adh 3mm x 1m x 3.3m
Neoprene Foam 6mm x 1050mm x 3.3m
Neoprene Foam Self Adh 6mm x 1m x 3.3m
Neoprene Foam 9mm x 1050mm x 3.3m
Neoprene Foam Self Adh 9mm x 1m x 3.3m
Neoprene Foam 12mm x 1050mm x 3.3m
Neoprene Foam Self Adh 12mm x 1m x 3.3m
Neoprene Foam 16mm x 1050mm x 3.3m
Neoprene Foam Self Adh 16mm x 1m x 3.3m
Neoprene Foam 20mm x 1050mm x 3.3m
Neoprene Foam SelfAdh 20mm x 1m x 3.3m
Neoprene Foam 25mm x 1050mm x 3.3m
Neoprene Foam S/Adh 25mm x 1m x 3.3m

Cloth Top / Cloth Top and Bottom / Plush Top

Neoprene Cloth Top 1.5mm x 1m x 2m
Neoprene Cloth Top 3mm x 1m x 2m
Neoprene Cloth Top 6mm x 1m x 2m
Neoprene Cloth Top 12mm x 1m x 2m
Neoprene Cloth Top/Bottom 1.5mm x 1m x 2m
Neoprene Cloth Top/Bottom 3mm x 1m x 2m
Neoprene Cloth Top/Bottom 6mm x 1m x 2m
Neoprene Cloth Top/Bottom 12mm x 1m x 2m
Neoprene Cloth Top/Plush 5mm x 1m x 2m (used for attaching Velcro)

EPE SHEET (Expanded Polyethylene)

A light weight general purpose laminated packaging grade of foam.

Non Abrasive, good thermal insulation and waterproof.

Can also come with a self adhesive backing

Generally sold by the square meter cut to size. Full sheet are 2.3m x 1.2m

EPE Sheets

EPE Sheet 10mm x 2.3m x 1.2m White

EPE Sheet 10mm x 2.3m x 1.2m Black

EPE Sheet 10mm x 2.3m x 1.2m Black Self Adh

EPE Sheet 25mm x 2.3m x 1.2m White

EPE Sheet 25mm x 2.3m x 1.2m Black

EPE Sheet 25mm x 2.3m x 1.2m Black Self Adh

EPE Sheet 50mm x 2.3m x 1.2m White

EPE Sheet 50mm x 2.3m x 1.2m Black

EPE Sheet 50mm x 2.3m x 1.2m Black Self Adh

PE TUBE

P.E foam tubes are a great layer of protection with a wide range of uses. Great for bike, roof racks, storage racks and much more. These are sold in 2m lengths with half lengths available.

Available sizes:

20mm id x 13mm wall x 2m

24mm id x 13mm wall x 2m

28mm id x 13mm wall x 2m

32mm id x 13mm wall x 2m

52mm id x 13mm wall x 2m

65mm id x 15mm wall x 2m White

Split Tube 15mm id x 13mm wall x 2m

Split Tube 22mm id x 13mm wall x 2m

Split Tube 28mm id x 13mm wall x 2m

Split Tube 50mm id x 10mm wall x 2m Yellow

Split Tube 90mm id x 15mm wall x 2m Red

We can supply Full lengths, half lengths and quarter lengths

Pool Noodles

70mm od x 22mm wall x 1.5m Grey

70mm od x 22mm wall x 1.5m Assorted Colours

PE FOAM ROLLER

Polyethylene rollers can be used for many things including physical rehabilitation and massaging muscles from exercise.

Size

PE Foam Roller 100mm od, 870mm long

NEOPRENE TUBES

Neoprene tubes are ideal for hand grips, storage rack protection, gym equipment and pipe insulation. This softer foam is also well suited for walking frames and applications that require a softer grip.

Size (I.D x Wall x length)

10 x 5 x 1000mm
 19 x 7 x 1000mm
 22 x 6 x 1000mm
 26 x 10 x 1000mm
 30 x 7 x 1000mm

20 x 5 x 210mm Grip
 26 x 5 x 900mm Grip
 27 x 12 x 735mm Grip
 30 x 10 x 660mm Grip
 50 x 10 x 145mm Grip

ARMAFLEX TUBE

Flexible, closed cell insulation designed for cooling and heating lines. Retards heat loss on hot lines. Armaflex Insulation is made from a nitrile material specially compounded to be a fire-retardant, high water vapour diffusion and low thermal conductivity. It is used for plumbing, hot water heating, air conditioning and refrigeration systems. These tubes are sold in 2 metre lengths and half lengths are available.

Size (I.D x Wall x length)

10 x 9 x 2m
 20 x 9 x 2m
 15 x 13 x 2m
 20 x 13 x 2m
 28 x 13 x 2m
 35 x 139 x 2m
 42 x 139 x 2m
 50 x 139 x 2m
 114 x 19 x 2m

Other sizes available on request
